Academic Merit Scholarships and Financial Aid for First-Year Students 2017-18

ACADEMIC MERIT SCHOLARSHIPS

Domestic first-year, full-time undergraduate students admitted to Trinity University’s Class of 2021 who apply by our February 1, 2017 Regular Decision deadline are automatically considered for the scholarship offerings listed below. No additional applications are required. Students who have strong academic preparation, but who do not meet the specific criteria below will also be considered for scholarships by the Trinity University Admissions Committee.

Applicants who apply for admission after February 1, 2017 will be considered for merit scholarships on a case-by-case basis by the Admissions Committee and award amounts may not reflect the levels indicated below.

Awards are determined based on official testing and high school transcript information received by the Office of Admissions at the time of a student’s application. Core GPAs are recalculated on an unweighted 4.0 scale using the student’s core academic courses (English, math, science, social science, and foreign language) completed in high school.

Trinity University does not have a preference for ACT or SAT. Trinity superscores, using the highest test scores submitted for admission and scholarship consideration. For ACT, the highest scores for each subtest will be combined to generate the highest composite score; for SAT, the best Evidence-Based Reading & Writing and Math subscores will be used to calculate a maximum single score.

Trinity Tower Scholars Day: Full-Tuition Scholarship Competition

The Admissions Committee will invite Murchison Scholarship recipients and other top students admitted to Trinity University’s Class of 2021 who apply Early Decision (I or II) or Early Action (I or II) by January 1 to compete for one of up to 20 full-tuition Trinity Tower Scholarships during our Trinity Tower Scholars Day (TTSD) on Saturday, March 4, 2017.
