Trinity University, one of the nation’s top undergraduate institutions, is known for its challenging and supportive academic environment, personalized attention from outstanding faculty, large school resources, post-graduate preparation, and vibrant campus life. Trinity encourages students to discover, grow, and become global citizens engaged with the community and the world.

Located in the culturally rich city of San Antonio, Texas, Trinity University provides experiential learning opportunities, an emphasis on undergraduate research, and the development of strong leadership skills. In addition, Trinity places a high priority on global understanding and incorporates an international focus into many courses.

Trinity students choose from 47 majors, 59 minors, and five master’s degrees that integrate conceptual and experiential learning. Students may also participate in five pre-professional programs and develop their own interdisciplinary majors.

I have really enjoyed being able to combine two of my passions. The experience allowed me to apply what I have learned from both of my majors.

- Nicole Feldman ’15  Chemistry & Art History
**STUDENTS**

Trinity's 2,490 undergraduate and graduate students come from 45 states and 47 countries.

Among the first-year class, 63 percent ranked in the top 20 percent of their high school class.

Minority enrollment is 33 percent for all undergraduate and graduate students.

---

**FACULTY**

Students learn from 257 full-time faculty members, nearly all of whom hold doctoral or terminal degrees in their field.

- **student-to-faculty ratio**: 9:1

---

**TUITION & FINANCIAL AID**

- Undergraduate tuition and fees are $37,296.
- 93% of Trinity undergraduate students receive financial aid from the University's endowment, annual gifts, and other sources.

---

**THE CAMPUS**

The Trinity University campus encompasses 117 acres and is noted for its red brick buildings, accented by native live oaks, well-kept grounds, and sparkling fountains.

New to the campus is the Center for the Sciences and Innovation (CSI), designed to encourage and promote an interdisciplinary approach to research and science education.

Buildings that showcase events for the campus and local communities include Laurie Auditorium and the Stieren Theater. Sixteen residence halls, including five living-learning communities, give a special communal feel to the campus.

---

**LIBRARY**

Trinity's Coates Library, often described as the University's "living room," has nearly 1 million volumes plus instructional media services that include a multimedia development center and an information commons with digital and print resources for students who work in groups or individually.

---

**ATHLETICS**

Trinity University sponsors 18 intercollegiate varsity sports – nine each for men and women.

All Tiger teams compete in the Southern Collegiate Athletic Conference (SCAC) and the NCAA Division III.

For highlights, visit www.trinitytigers.com.

---

**HISTORY**

Founded in 1869 by Presbyterians, Trinity today is governed by an independent Board of Trustees. Students of diverse backgrounds find an environment that celebrates both individuality and community.

---

**RANKINGS**

Trinity University is highly ranked by Princeton Review, Fiske, Forbes, U.S. News & World Report, and others.

- #1 in the West
