

# Move-In Day

Move-in day for most first-year and transfer students is Aug. 16, which kicks off New Student Orientation and Parent and Family Orientation.

If you're staying at a hotel the night before move-in day, consider taking any priceless items into your hotel room rather than leaving them in a fully loaded vehicle.

## Part I – Arrive on campus

New students will arrive on campus based on their residence hall assignments. While this system avoids a major traffic jam, there still may be a wait. And don't worry—Trinity University Police Department (TUPD) personnel will be present to help direct traffic.
